JuiceCast - *Using LinkedIn for Business*

Got a LinkedIn profile but not quite sure how to put it to work for your business? Then join us for our LinkedIn JuiceCast where you'll learn how to:

- Give your profile an **Extreme Makeover**
- Significantly **expand your network** with a handful of simple techniques
- **Increase visibility** of you, your company, and the products you offer
- **Find colleagues and prospects** in your target market using advanced search capabilities
- Make your profile more **visible to search engines**
- **Improve traffic** to your website, blog, and Twitter account

During this live 45-minute webcast, we spend most of our time navigating through LinkedIn. So not only do you **learn** how to implement these strategies, you'll **SEE** how it's actually done. Plus, we limit each webcast to **just 10 attendees** so we have time answer questions you might have about YOUR specific profile.

Who Should Attend?

If any of the following describes your experience with LinkedIn, then this JuiceCast is for you:

- You set up a profile but didn't put much effort into it and haven't done much since.
- You want to expand your network and put LinkedIn to work but not sure where to start.
- You don't have time to figure it all out and want a shortcut to the most important aspects of LinkedIn.
