The “Product” Column

Use the following guide to determine whether an article is product-specific or not:

Sage 100, Sage 300, Etc. - if the “product” column displays a specific product name, the article is written for that specific software application.

Multiple - if the “product” column displays **Multiple**, these articles can apply to multiple products. For example an article on Sage Intelligence would be applicable for Sage 100, 300, etc.

New Articles - articles highlighted in **Orange** are the most recently-added
