### The “Product” Column

Use the following guide to determine whether an article is product-specific or not:

**Sage 100, Sage 300, Etc.** - if the “product” column displays a specific product name, the article is written for that specific software application.

**General** - if the “product” column displays **general**, these articles focus broadly on using technology (ERP, CRM, HRMS, etc) to improve efficiency and can be used in conjunction with multiple products. For the most part, they industry-focused articles that are product-agnostic.

**New Articles** - articles highlighted in **Orange** are the most recently-added
