Frequently Asked Questions (FAQs):

Can I purchase just the articles/content? Yes. If you don’t need the PDF and HTML files, we can provide just the newsletter articles in a Word document that you can change, edit, and then add to your own in-house newsletter or blog. Contact us if you’d like a “**Content Only**” quote.

Can I purchase a QUARTERLY Sage 100 newsletter subscription? Yes. We’ll provide you with 4 out of the 6 issues published during the year. You choose the 4 issues (among 6) that you’d like to receive.

Can we personalize the newsletters? Yes. We add your logo, contact info, and company colors to the PDF and HTML email files. And if you want to provide a personal announcement (user group meeting, company news, etc), we’ll include it in the newsletter as well (**Note:** you provide the content, up to 100 words).

When are the newsletters published? Each newsletter is published on a different schedule. Please refer to the publication calendar on page 2.
